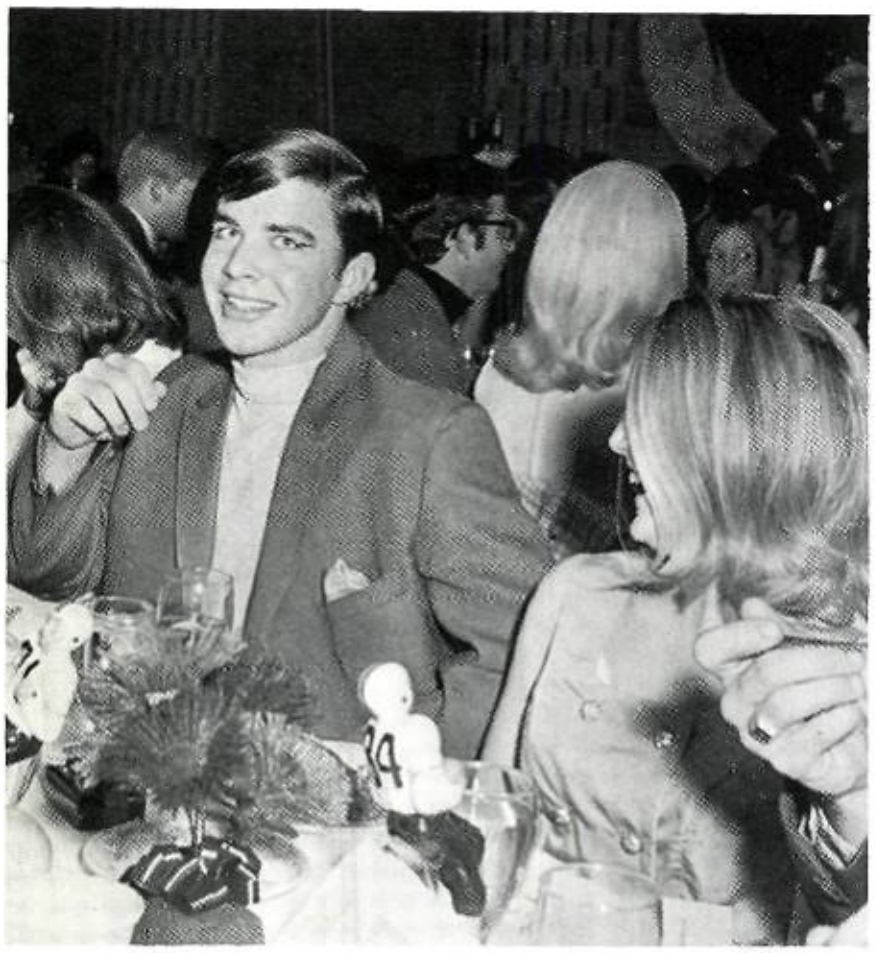
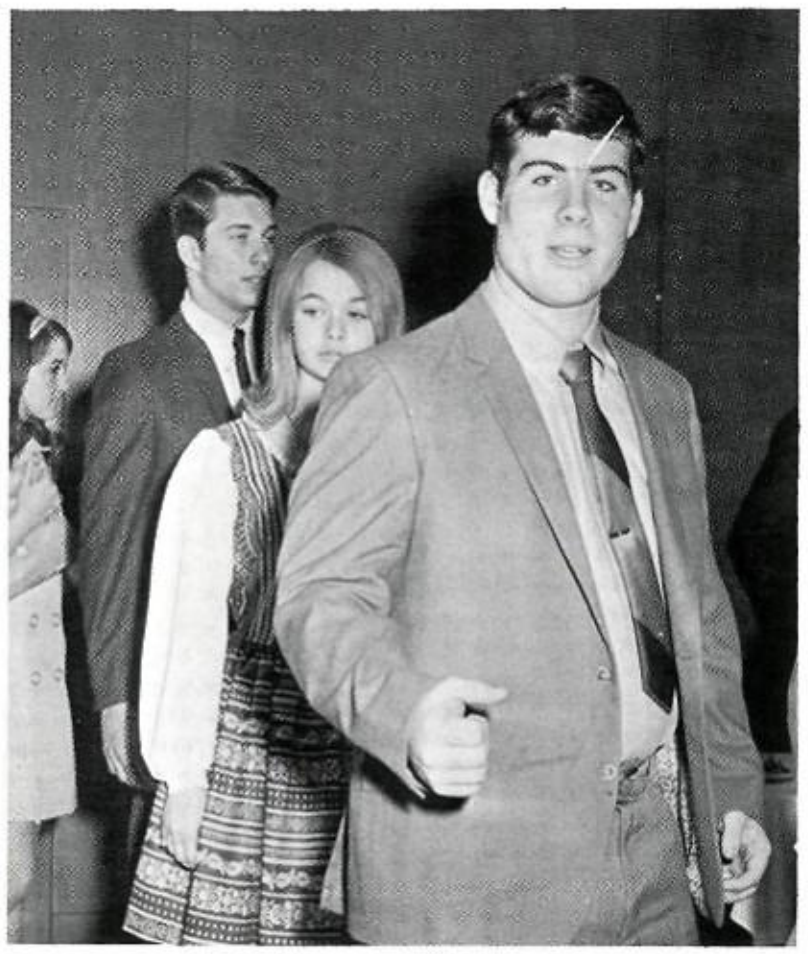
THE HIGH SCHOOL

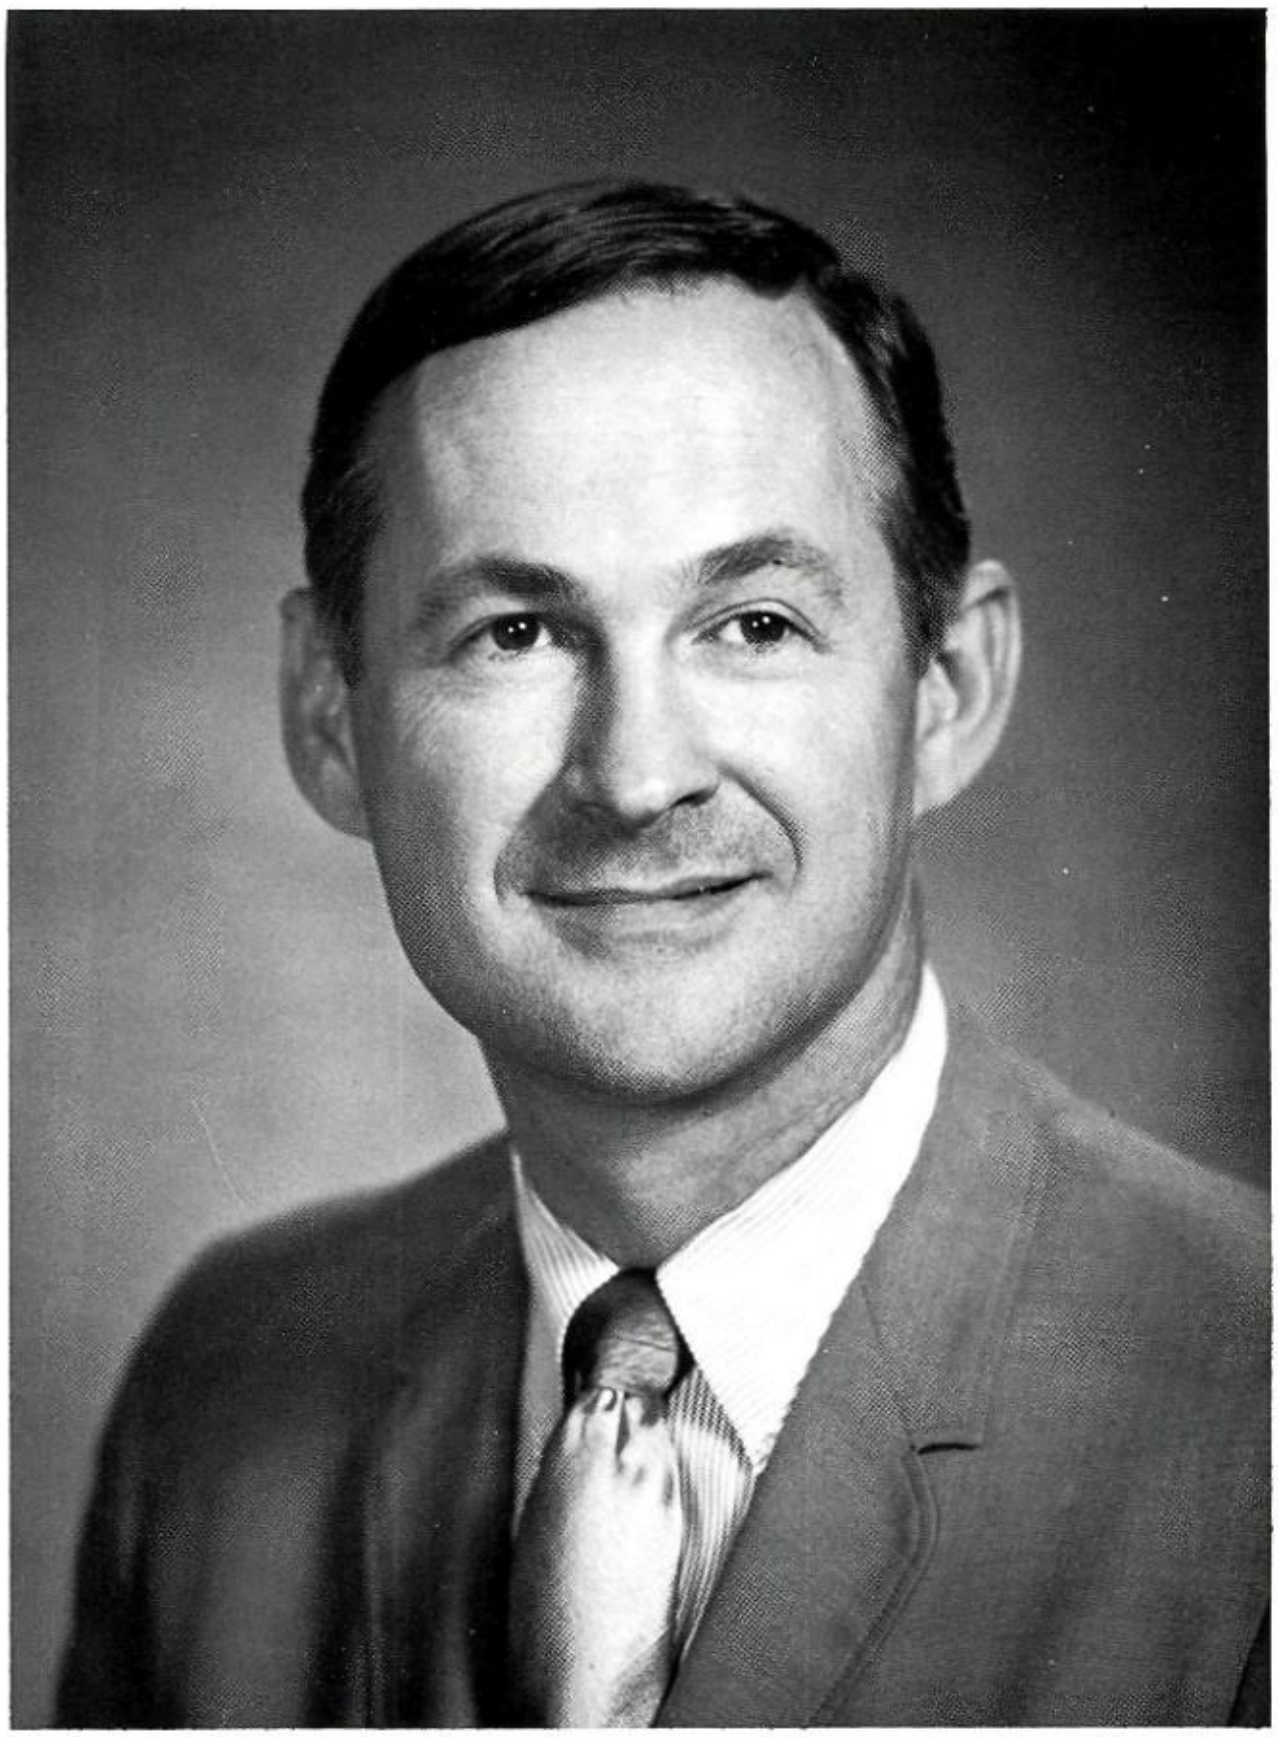
FALL SPORTS BANQUET



The presentation of the letter jackets and blankets to the players of the Coyote football and basketball teams was made at the annual Sports Banquet. Speeches by Joe L. Golding, athletic director of Wichita Falls School District, and by the players, highlighted the banquet.



Faculty



Donald R. Waldrip, Ph.D.

Superintendent of Wichita Falls Public Schools

For the rapport he has established with both the adults of our town and the young people;

for his genuine interest in our activities, both academic and extra-curricular;

for the manifestation of Coyote spirit that did not die in his absence from WFHS;

we sincerely dedicate this book to Dr. Donald R. Waldrip, with the sincere hope that his work of great magnitude this year will continue through a long and successful career as Superintendent of the Wichita Falls Public Schools.

G. H. KIRBY, M.A.
Deputy Superintendent of Schools

Board of Education

Constantly striving to keep pace with today's modern trends in education, the Wichita Falls School Board is charged with maintaining high standards for our schools. Through their granting of reasonable academic freedom, the students learn responsibility as well as intellectual, technical, and vocational training. In combined efforts, the school administration has succeeded in bringing about the modern and necessary changes that will vastly influence our future.

First row: Mrs. Larry J. Doing, Secretary; Ikard Smith, President; Dr. Joe D. Steed; Warren W. Silver. *Second row:* Gerald H. Hodges, Vice President; Richard O. Harris. *Not pictured:* J. Phillips Cunningham.

The spirit of youth has always determined the future course our nation will take. I feel confident that our future is in good hands when I see the fine, loyal young people with whom I am closely associated and realize that they represent the vast majority of youth in America today.

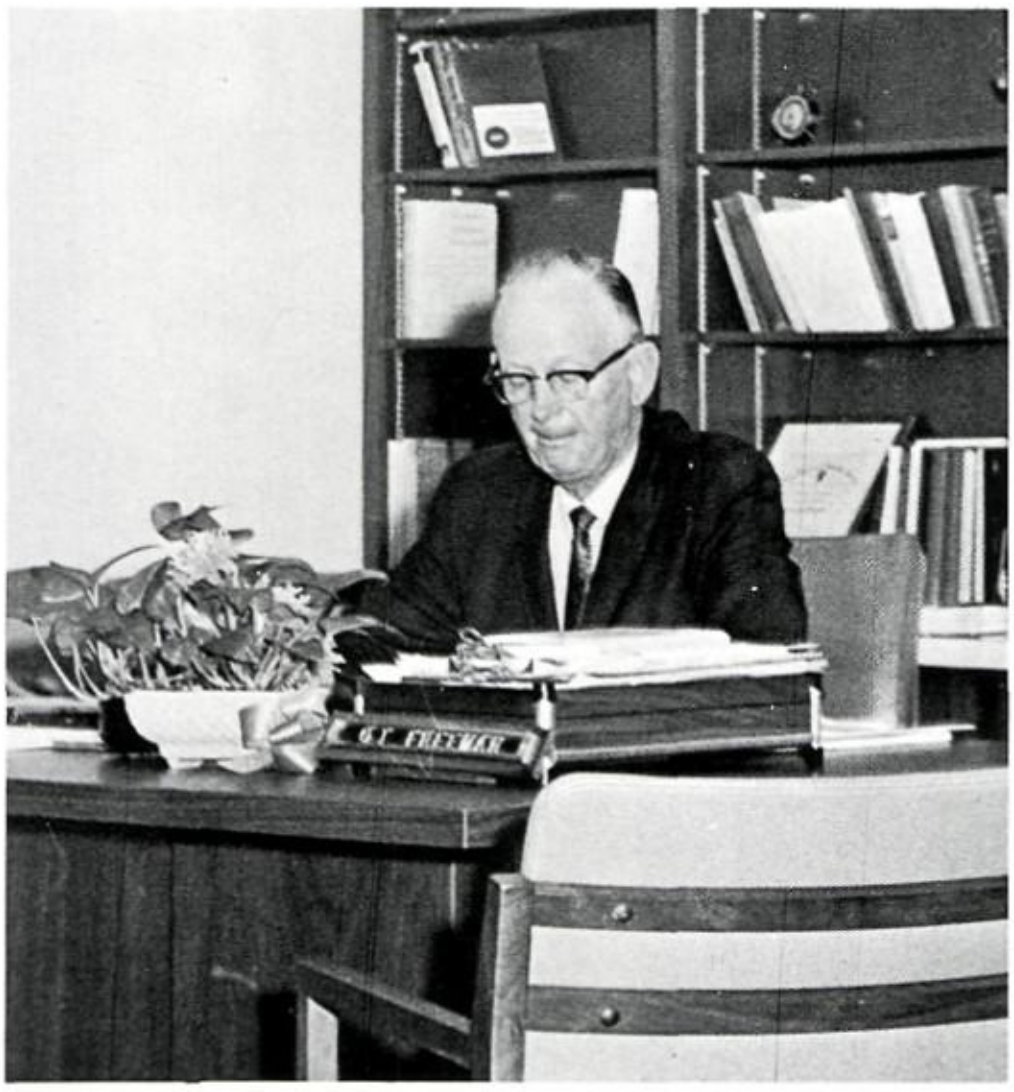
O. T. Freeman

O. T. FREEMAN, M.A.
Principal of Wichita Falls High School

Our Principal

Constantly active in school life as the most faithful of all Coyote supporters, Mr. Freeman daily displays his love and dedication for our school. Because of his willingness to help and his "never too busy" attitude, the students see him as a great leader whom they admire, love, and respect.

Throughout the years, his concern, his efforts, and his friendliness will be remembered. For all these reasons, we say "thank you" to one that cares.



Assistant Principal

Our assistant principal has such difficult tasks as seeing that our school runs without distraction and that proper discipline is maintained. Yet Mr. Reed performs these duties in such a manner that he is loved and respected by the entire student body and recognized as one of our most ardent Coyote fans.

ENGLISH

Under the supervision of Mrs. Jeff Puckett, the Department of English presents a combination of composition, useful grammar, and interesting literature.

Special classes in reading improvement are offered to better prepare some first-year students, and major work courses with in-depth study of wider readings and more extensive composition are offered to qualified students at all levels. The numerous honors won annually by individual students are a testimony of the effectiveness of this department.

A team class which combines American literature and American history is available to juniors. This special course, a two-hour class, is taught by Paul Strong and Mrs. M. K. Anthony.

In addition, the English Department assists in the publication of *The Coyote*, *The Coyote News*, "Teen Times," and *Pen Prints*.

MATHEMATICS

In today's complex civilization where numbers serve as the basis for nearly every aspect of modern life, the superior training offered by the WFHS Department of Mathematics molds the fresh, untrained minds of the younger students into well-organized prospective leaders of tomorrow. Algebra, trigonometry, plane and solid geometry, and calculus are offered courses. Non-credit courses of great importance include slide rule and number sense.

Realizing the need for knowledge of the world affairs of both past and present and realizing the necessity of preparing students for the privileges and obligations of citizenship, the Department of History, under the direction of Miss Ernestine Bolin, strives to obtain these goals. World history, American history, and American government are required, and Texas history and economics are offered as electives. In addition to the texts, maps, charts, films, and the American Observer are coordinated to aid in interpreting the past, present, and future of our world.

SCIENCE

The recent changes that have occurred throughout WFHS have improved our Department of Science. The modernized laboratories and equipment greatly aid the well-trained teachers in their explanation of the forces and theories of the universe. Scientific areas covered are physical science, biology, chemistry, and physics. The intriguing study of science gives the students a chance to work with their minds and an opportunity to listen to educated lecturers.

LANGUAGES

WFHS is keeping pace with the greater emphasis being given to language. This emphasis is reflected in the fact that two years of foreign language are prerequisite to entering many colleges. Also, the means of modern transportation and communication are such that no one can be certain he will not need an understanding of several languages. The WFHS Department of Languages strives to prepare its students through a curriculum of German, Spanish, French, and Latin.

Throughout each year, concerts are presented and contests are entered in which various honors are won.

ART

The Department of Art of WFHS gives students an opportunity to fulfill their artistic desires and a chance to develop skills such as painting, sculpture, and designing that should provide them with enjoyment throughout their lives. Many talents are developed which can lead to a not only more entertaining, but a professional future.

HOME ECONOMICS

To better acquaint its students with foods, nutrition, clothing, textiles, management, housing, and the family is the purpose of the Department of Home Economics. Responsibility, love, and understanding are developed to strengthen each girl as she progresses to a home of her own and to a world which she will help to make.

The ability to express ideas correctly and distinctly is of primary importance to everyone. The Department of Speech of WFHS builds self-confidence in its students and teaches them to project their thoughts clearly. This department is composed of various organizations which offer debate, extemporaneous speaking, original oratory, prose reading, drama, radio, television, and stage craft. Each year the Department of Speech participates in Texas Interscholastic League competition, and their established records have made the school proud of them.

COMMERCIAL ARTS

The Department of Commercial Arts of WFHS provides students with an opportunity to develop skills that should prove profitable after graduation. In typing, shorthand, bookkeeping, electronics, and shop, students learn skills that might lead to a job, and in economics they acquire knowledge of business standards and finance. Vocational Office Education, Industrial Co-operative Training, and Distributive Education give the students actual experience in the working world. Through the efforts here displayed, students become accustomed to the business world.

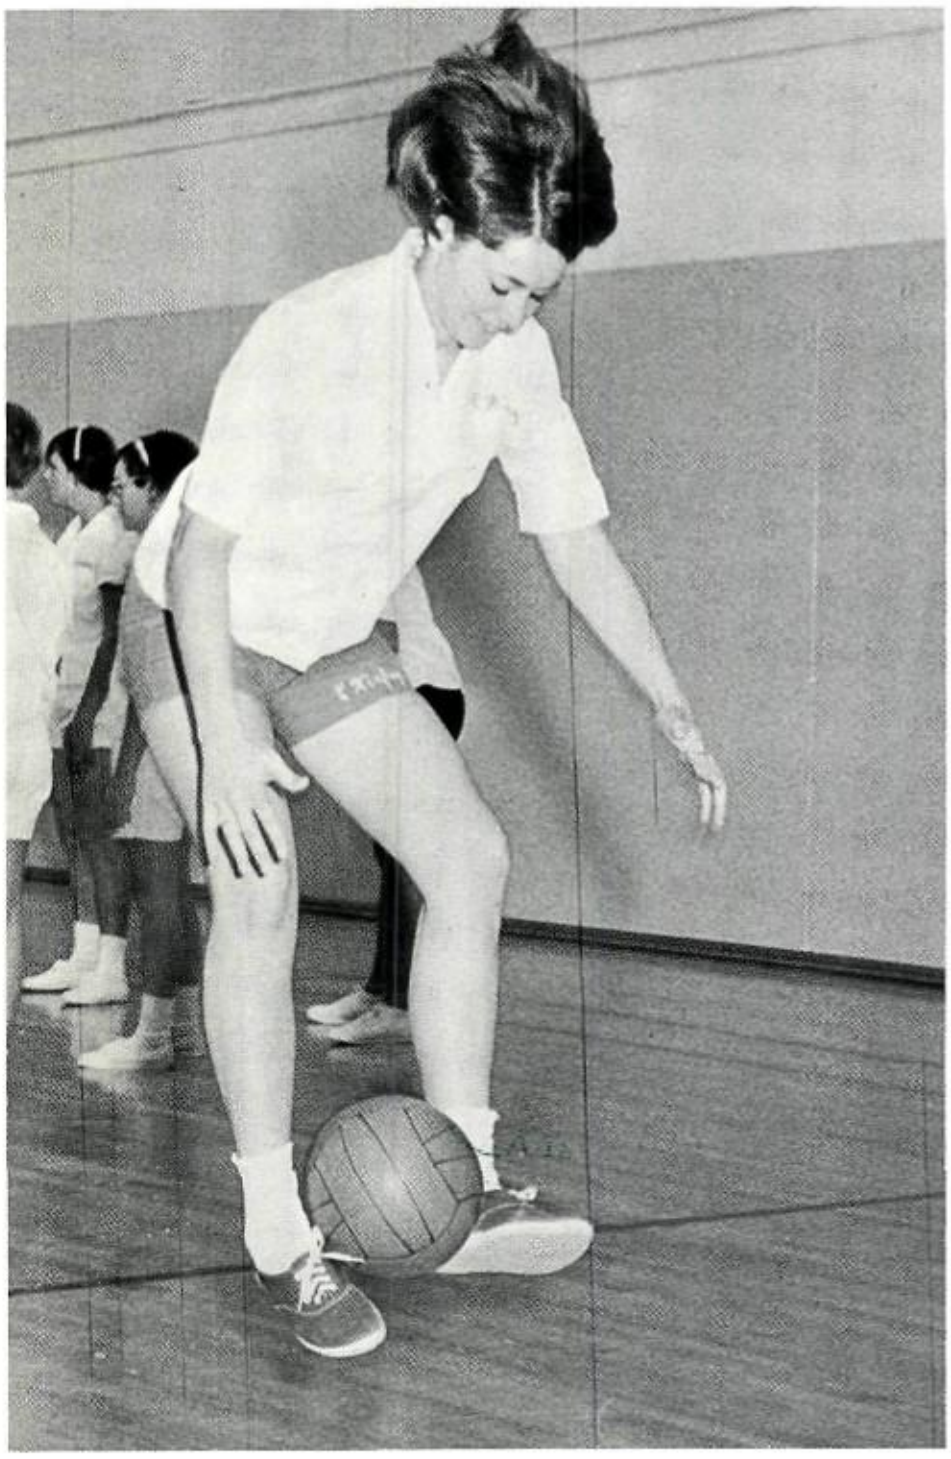
PHYSICAL EDUCATION and HEALTH



Oops!

Physical education classes are a welcome break in the school day. They provide not only a place to develop physical fitness, but an opportunity to collect new friends and to learn self-discipline and good sportsmanship. Gym leaders aid in direction of the gym classes. The various school teams are often featured in state competition. Our physical education program has given WFHS a history of which we can be proud.

ROTC

To develop a knowledge of the basic military skills and to extend leadership, responsibility, and self-reliance to its members are goals of the Reserve Officers Training Corps of WFHS as it prepares its cadets for the future. During training much emphasis is placed on a strong personal dedication to our country and the ideals on which it was built.

DRIVERS EDUCATION

Confidence and skills necessary for safe driving are carefully fashioned into every prospective driver by the efficient and experienced instructors, Mr. Haddon Malone and Mr. David Heller. Classes composed of a thirty-hour classroom course and a twenty-hour driving course aid greatly in developing the necessary safety skills of driving.

CUSTODIANS

The job of the custodians is by no means easy. Throughout the school year and on into the summer, these men work at their duties necessary to maintain the school. They perform such varied jobs as small repair work, waxing floors, and keeping classrooms in clean and pleasant condition.

Mr. Redman is invaluable in keeping the school in top condition.

1968 Coyotes Dominate

Tradition is an important part of Wichita Falls High School. The 1968 Coyotes carried on the tradition of winning and in doing so, brought the 1968 district title to WFHS.

The season opener was against the Coronado Mustangs from Lubbock. Coronado fumbled on the opening kick-off, and junior Glen Fischer jumped on the ball in the Mustang end zone for a quick six points. Coronado came back with an unbroken 80-yard drive in 12 plays to knot the score. The Coyotes drove to the Coronado 8-yard line in the second quarter, but a field goal attempt failed on a high snap from center. The remainder of the game was a defensive struggle as neither team managed to tilt the scoreboard in the 7-7 tie.

An old rivalry with Amarillo High was revived September 20. Although the score was 20-0 against the Pack, the statistics showed a different story. The Red and Black totaled 20 first downs to the Sandies' 12. Jackie Bird was the workhorse, gaining 106 hard-earned yards. Bryan Lancaster and Barry Minnick added 71 and 61 yards, respectively.

The Coyote offense and defense combined to bury the Sherman Bearcats 35-19 on September 27. Lancaster bootlegged his way to 191 yards and three touchdowns while Gordy Brown, Joey Aboussie, Bird, and Minnick rounded out the Coyote field attack, gaining 446 total yards. The offensive line, led by John Martin, Arthur Ramos, Charles Holley, and Fred Currin, knocked huge holes in the Be cat defense, making possible a balanced Coyote ru ning game.

The Coyotes came off their first victory ready to e counter Hirschi's Huskies in Coyote Canyon. The Pa scored the first time they got the ball as Bird capped 80-yard drive with a 2-yard plunge. Hirschi then co verted three Pack mistakes into a 21-6 lead in t third quarter. The Coyotes fought back valiantly b could manage only one other score as Lancaster sneak one yard for the final TD and a resulting 21-12 sco

On November 11 the Coyotes traveled to Denison engage the Yellow Jackets in a final tune-up for distr play. Aboussie's 6-yard jaunt to paydirt and Lancaste 4-yard plunge put the Pack on top 13-0 to end the se ond quarter. A thrilling 89-yard sprint by Lancaster a a quick 62-yard run by Raymond McCoy highlight the Coyote's offensive thrust in the last half. Lancas had his best night of the season as he picked his way t 219 yards, but the real show was put on by the o fensive line. Mark Akin, Vince Gunn, Steve Miller, Mi Weeks, and Monty Moore held the Yellow Jackets to remarkable minus 31 yards rushing.

The Coyotes opened district play against the Cast berry Lions. The 58-0 victory began the Pack's bid f supremacy in the newly organized District 5-4A. La caster and Aboussie led the Coyote ground game, a

ird row: Terry Roberts, Mgr., Rowdy Swinford, Quanah Gray, Art Lee, Greg Sampson, Joe Nelms, Bryan Lancaster, Steve Newman, e Golding, Jackie Bird, Charles Holley, Alan Hart, Raymond McCoy, Coach Donnell Crosslin. *Fourth row:* Johnny Pigg, Vince Gunn, Monty ore, Brad Kaelin, Fred Currin, Robert Cunningham, Mark Akin, Dan Parham, Tom Black, Mike Weeks.

New District 5-4A

e Golding spearheaded the defense as he scored on interception. The last half was dominated by the yote substitutes as the Green Lizards racked up 26 ints in a superb effort.

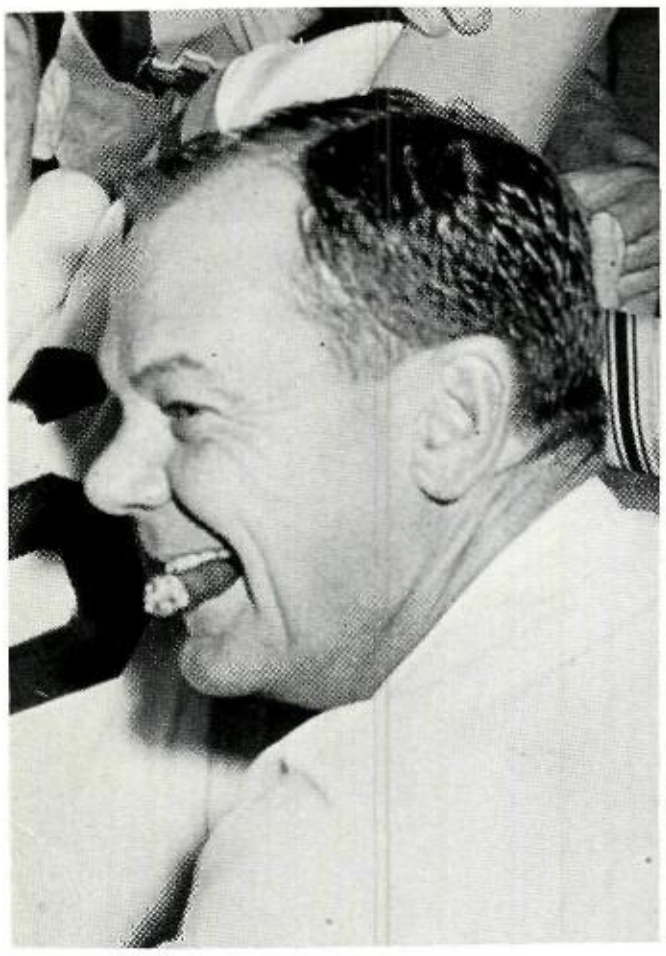
Richland, a main hurdle to the district crown, fell to e tune of 14-0 as the Coyotes proved that the best fense is a grinding offense. Going 90 yards in 17 ays, the Coyotes ate up almost 12 minutes of the st half and climaxed the drive with a 12-yard score by ncaster. The Pack defense then held off the Rebel's lanced attack until the Coyotes began their last drive ith 9:30 left in the 4th quarter. In 21 clock-chewing ays the massive offense pushed 78 yards, ending ith Bird's one yard plunge and leaving but 34 seconds the withered clock.

Haltom was the next Coyote victim on the Red and ack's drive for the 5-4A crown. The offense and de- nse combined to hand the Buffaloes a sound 34-0 feat. Five Coyotes took part in the scoring as a bal- nced infantry attack proved too much for the out- assed Buffs.

WFHS took a break from district competition to play idland Lee's Rebels November 8. The game proved to e a stunning surprise as the Coyote offense sputtered r the first time since the season's opener. Fumbles ere the main enemy of the Pack as the ball bounced wry. The Red and Black scored first as they trapped a Rebel ball carrier in his endzone for a 2-point safety. But Midland's fine passing attack opened the way for a successful running game as the two combined to hand the Coyotes a 17-8 loss.

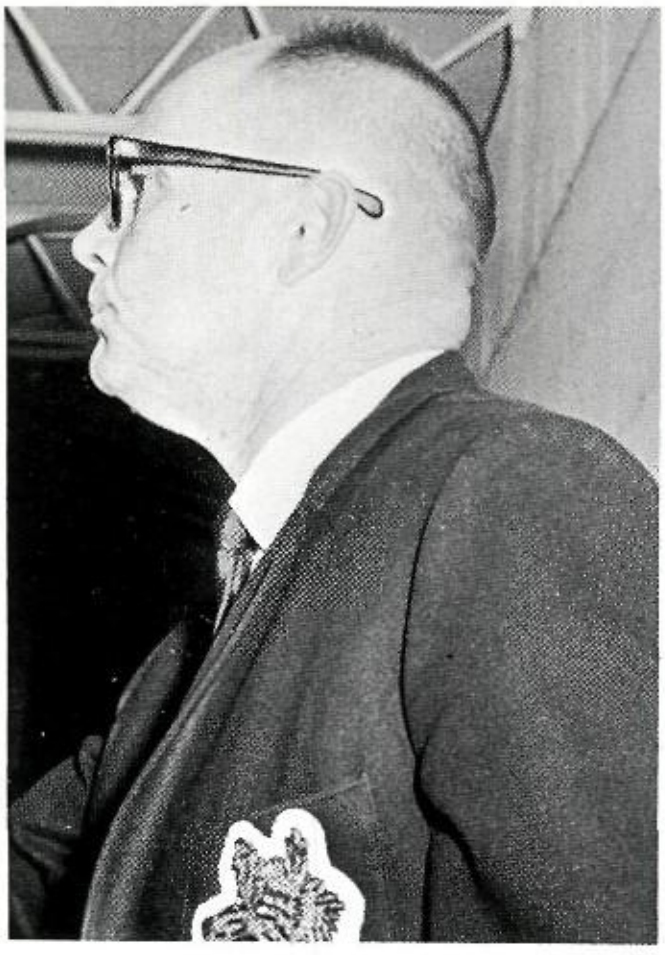
The most crucial game of district play pitted WFHS against cross-town rival, Rider. Coyote Stadium was a misty, muddy plateau when the Coyotes and Raiders faced off. Rider hit hard and fast, but the Pack defense stopped every scoring threat. Aboussie, giving an outstanding effort, teamed with Bird, Golding, and tough linebacker Andy Lee in leading the defense in a 0-0 tie and a berth in the state playoffs.

For bi-district honors, the Coyotes faced an old rival, the Irving Tigers. The Pack opened with a 73-yard drive capped by Lancaster's score, The Tigers came back with three quick scores and a 14-point lead. The Red and Black then began its most spirited play of the year. The Coyotes rallied for three TD's and a 28-21 lead behind Bird's two scores. An Irving touchdown tied the score and set the stage for a replay of last year's heart-breaking loss to Amarillo Tascosa. Behind on penetrations, the Coyotes allowed an Irving touchdown to gain possession of the ball, but the strategy failed as the Pack never regained the pigskin. The 35-28 score ended the high school football careers for 20 seniors but set a spirited example for the '69 Coyotes.



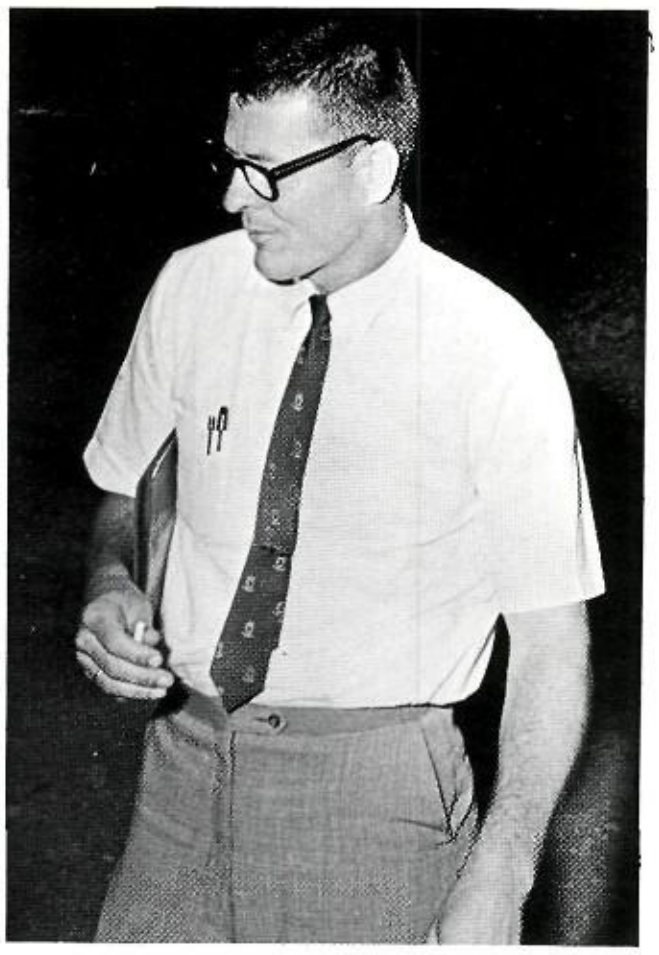
MORRIS MERCER

Coach Morris Mercer, seldom seen on the battlefield each Friday night, viewed the games from his seat in the press box. Yet it was often due to his football knowledge that the Coyotes were able to snatch victory from the hands of defeat.



DONNELL CROSSLIN

Coach Donnell Crosslin, skilled head coach of the Coyotes, has proven himself a true leader. His coaching tactics and knowledge produced impressive statistics—those of a District Champion. The '68 Coyotes thank Coach Crosslin for making them the team they were.



BILL JETER

Coach Bill Jeter, serving his first year as a Coyote mentor, successfully molded his defensive linemen into the most feared stoppers in 5-4A. "Wild Bill" was well respected by the Coyote players, and his devotion was typical of a District Champion.

COACH OF THE YEAR

For the third consecutive year, Coach Donnell Crosslin has led the Coyotes to the District Championship. The '68 crown was a prized one for Crosslin and his staff, for it was the first in the reorganized District 5-4A. The head Coyote mentor began the '68 championship race with only four returning regulars and a team lacking the experience of true champions, but his exceptional dedication and effort produced an undefeated title holder. For his outstanding devotion to the Coyotes and WFHS, Coach Crosslin was justly selected by his fellow 5-4A coaches as the District's COACH OF THE YEAR. The '69 Annual Staff extends its congratulations to the "Head Coyote."

The 1968 Pups captured their second straight city championship with the type of devotion and dedication that is characteristic of the "Little Coyotes." Under the leadership of Coaches Herb Marvel and Eddie Marion, the Pups raced to seven victories, including a last-minute triumph over Washington's Freshmen to secure the title. WFHS is very proud of our Pups and looks forward to the day when they will play in Coyote Canyon.

1969 Coyote Basketball

David Anderson, Lawrence Williams, Tommy Glossup, Joe Golding, Mike Hughes, Arthur Pettyjohn, Burris Phillips, H

The Coyote basketball team enjoyed much success this year as they posted an outstanding 22-win, 5-loss season. This year's squad grabbed first place honors at the Burkburnett Tournament, second at the Wichita Falls Invitational Basketball Tournament, third place in the rugged Mesquite Basketball Tournament, and second place in tough District 5-AAAA. They were the only team to defeat eventual champion Richland Hills. In the last home game of the year, the Pack blew past Rider 72-59. Under the direction of Head Coach Heller, the Coyotes with seven returning lettermen, show promise to improve on the best season since 1962.

Coyote Golf Team

The golf season of '68 saw six dedicated juniors lead the Coyote Golf Team to a second at the Brownwood Invitational, a first at the Wichita Falls Invitational, and a first in the district 4-4A tournament. These juniors, whose inexperience led to their sixth place finish in regional, are back to lead the fortunes of the '69 version of Coyote golf.

The senior golfers, who have two years of experience, coupled with the fine backing of sophomores and juniors should compose one of the strongest 4-A golf teams in the state of Texas. Experience is the quality that should result in the finest golf team in Coyote history.

Swimming '69

The '69 swim season will surely see the Coyotes higher than ever in Texas swimming rank. Although they were defeated in a pre-season meet with the touring Great Britain Men's Olympic Swimming Team, the tankers swam back into some early season wins at San Angelo, the Dolphin Relays, the University of Texas at Arlington, and the S.M.U. Relays. The University of Texas Invitational found the team in a slump, but they bounced back to defeat Dallas Sunset. With only a few minor meets until the State Swimming Championships at S.M.U., the swim team settled down to especially hard work. As Coach Pickle says, the State Meet is the only one that really counts. The Coyote swimmers plan to be counted high on the list of winners there.

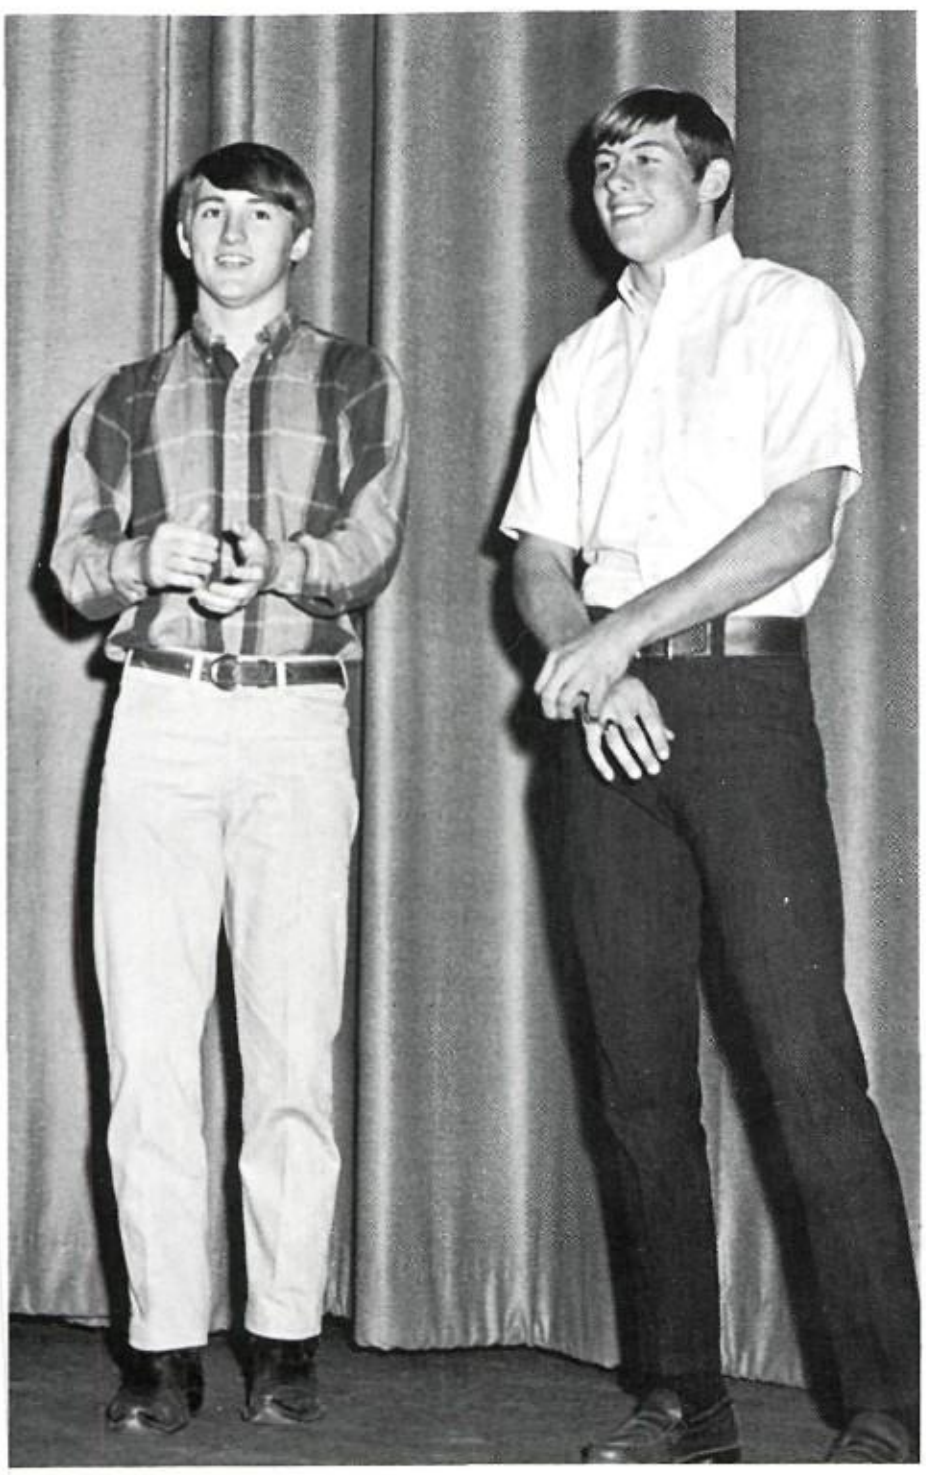
1969 — Our Year



SENIOR SONG:

Sung to: *Yankee Doodle Dandy*

We're the Class of '69
Fame and glory is our song
Loyal to our colors, Red and Black
Hearts to the Coyotes belong.

We brought glory to their name
Honor unsurpassed, and fame.

Oh, we're the Seniors of '69
Outstanding and so grand
Best Senior Class in all the land.

SENIOR CLASS YELL:

Fame and glory is our line,
Senior Class of '69.

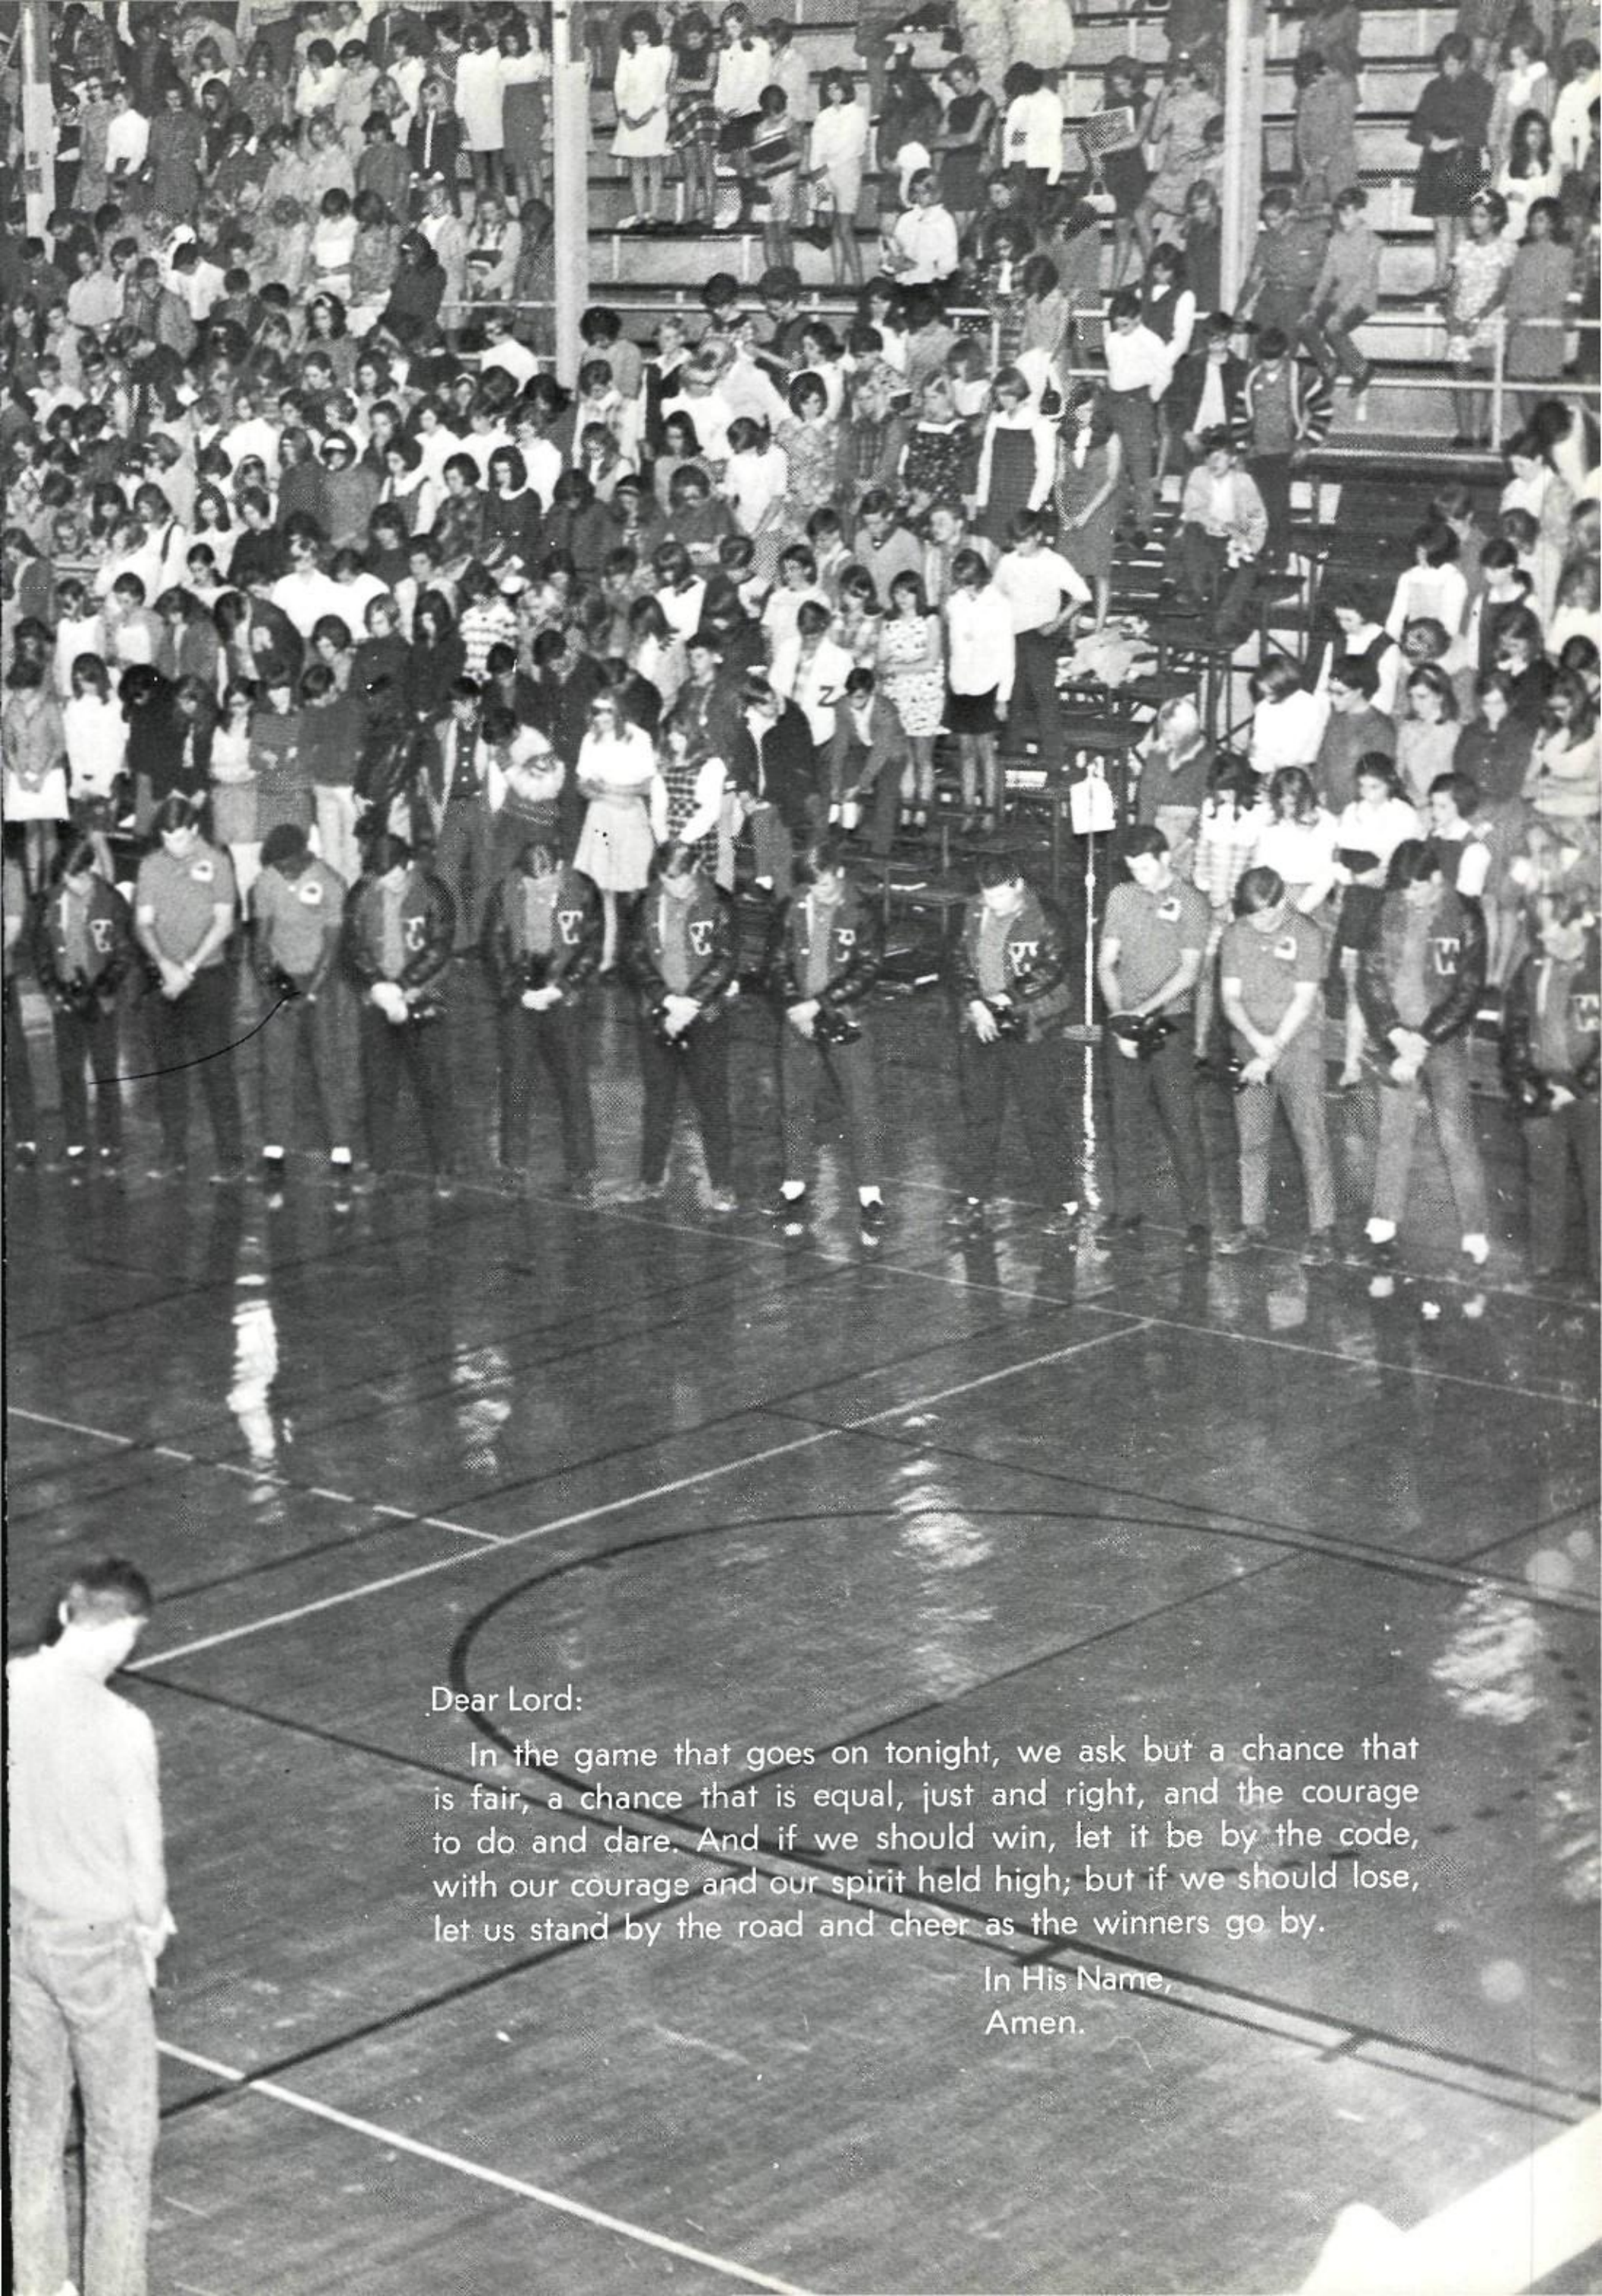
. . . the beginning of a memory

COURTESY OF
FIRST-WICHITA
NATIONAL BANK



Dear Lord:

In the game that goes on tonight, we ask but a chance that is fair, a chance that is equal, just and right, and the courage to do and dare. And if we should win, let it be by the code, with our courage and our spirit held high; but if we should lose, let us stand by the road and cheer as the winners go by.

In His Name,
Amen.

Tommy,

Well this year in Journalism is finally over. I hate to admitt it but you really are a nice guy (even if you do laugh a lot) Good Luck.

Kayanne

(Elke of the Month) H.S.

Tommy,

I really have enjoyed listening to your news office definitions of c----- j----- to Sara and all of the other emanations of your "fornographic" mind. I'll always remember the class fights in Jundy too. You know, it's really amazing when you think of all the buffet and strain forms of school we have been through. I hope you & Huff make it next year!

Randy Mock

Mike Duty would like to express his appreciation for the honor of this moment. In other words it's been a lot of fun knowing you in spite of your corny jokes.

Mike Duty

Wheel,

~~Sure~~ It doesn't seem like this year is over. I would say how much I liked that party but your Mother might read this. Hang in there at Texas next year.

Your friend, Bryant Smith

Iddle Dug,
Remember Crockett? Sr. 69.
I have enjoyed knowing
you these twelve years.
Good Luck, and May God bless you.
Love,

Tommy,
I have really enjoyed knowing you these past years. You are a great guy with a terrific sense of humor. (cream-puff).
Be good and have fun next year. Betsy

Tommy,
You are an asset to the Coyote News. Congrads on Quill and Scroll I can't understand why you don't want a charm! See you at Texas next year.
Be Sweet,
Rosemary
Dugger

Thomas!
Well, it has really been fun knowing you all these years. I'll never forget what I asked you. I was so embarrassed. Be good and stay out of trouble.
Love ya,
Sr. 69

Beyer

Tommy,

I have really enjoyed knowing you, Fartwood. Ive been laughing at, with, and because of you ever since I ~~saw~~ heard your hands fort in 8th grade EM. You have a great sense of humor. Just remember to keep laughing when your drunken friends take your house apart next time your old lady leaves town.

Good luck on your medical career.

Roger

P.S: I quit smoking so you can forget about the lung-cancer cure.

Tommy,

It's been so much fun in English and Journalism this year. You were a very good editor. I can still remember when we were in Crockett. Good luck always, Love,

Woodrow,

Well, we've given each other the "can" pretty much over the years, but, all in all, we've pretty good friends. With your new Convert, you should make a Big Hit at Someone gives you a Sweetheart for graduation.

Hook 'EM HORNS Let's GIVE 'EM SOME BEVO

D. Hopkins 69

The Old Can

Well, you gross, ill mannered slovin, cynical son of bitch its about over and I still don't know why you make dirt balls pick your nose, cut farts, never take showers, or all the rest of your fine attributes, but nevertheless I like you and Magill just the same. If we never meet again after this year (I'm not that lucky) I hope that the expertise advice I have provided for you in crucial situations will somehow make an impression on you. If you don't learn anything from our friendship, at least learn "to quit given yourself the shit can," and "dont let others give it to you either." this is the essence of success, not letting people give it to you without giving a little back! Anyway, my philosophical advice is over, and this can is about filled so,

Long,

Mike Hovany 69

P.S. I am not going to sign my 15 some odd pictures because you can find them if you want to look at them

→ Love and you won't be sorry

Woody-
English has been enlightening & we're finally done. I never was invited to any of your blow-outs neither was I privileged to have you call me at 2:00 in the morning. Guess I just missed out. Best of luck always—

Love,
Huggie
